D-fend™ Water Traps

D-fend water traps help protect your GE Healthcare respiratory monitoring equipment from humidity, secretions, viral and bacterial contamination. The D-fend water trap is indicated for use with respiratory modules in both the anesthesia and critical care environments.

Features

- Suitable for GE Healthcare respiratory modules for accurate measurement
- Tested by an independent third-party lab for viral filtration efficiency (VFE) against a surrogate infectious material known as Phi X 174.

Our equipment. Our accessories. Simply compatible.

You can trust GE Healthcare accessories and consumables to keep your clinical devices working efficiently.

- Simplified ordering process
- Fast delivery
- One contact point for expert advice
- Quality support at every step

PRODUCT SPECIFICATIONS

Product use

D-fend water traps are disposable.

D-fend+ (881319-HEL),
D-fend Pro+ (M1200227): Critical Care, Maximum 24 hours, single-patient-use

D-fend (876446-HEL),
D-fend Pro (M1182629): Anesthesia, Maximum 2 months.

Mini D-fend (8002174): Anesthesia, Maximum 2 months, Critical Care, Maximum 24 hours, single-patient-use

Materials

| | D-fend Pro, D-fend Pro+ | D-fend, D-fend+, Mini D-fend |
|-----------|--|------------------------------|
| Body | Acrylonitrile Butadiene Styrene (ABS) and Polycarbonate (PC) | Polyamide (PA) |
| Top Part | Polycarbonate (PC) Thermoplastic Elastomer (TPE) | N/A |
| Gasket | N/A | Silicone rubber |
| Container | Polycarbonate (PC) Thermoplastic Elastomer (TPE) | Polycarbonate (PC) |
| O-Ring | N/A | Nitrile rubber |
| Latch | Polyoxymethylene (POM) | N/A |
| Filter | Polytetrafluoroethylene (PTFE) | GORE microfiltration media |

Materials composition

Not made with natural rubber latex, PVC, DEHP or other phthalates.

Maintenance

Do not wash, dry, sterilize or reuse exhausted/occluded water traps. When cleaning the outer surface of the module, keep the water trap and gas sampling line connected to prevent cleaning agent from entering the water trap or gas module.

Disposal considerations

Dispose as clinical waste, in accordance with hospital policy, local guidelines and regulations.

Packaging materials

Primary: Polyethylene (PE)

Compliance
